About my paintings

This is my personalize interpretation and conviction of conscious or sub-conscious experiences

A simple approach in relating to the concept of my art but nevertheless a complex overtones surrounding the issues of human emotions is portrayed in visual statement.

Images are created with total commitment of emotions regardless of any stylistic antecedent. It is my visual expression that reveals the symbolic syndrome of psychic gesture and possesses spiritual concern of life. The feelings are organized by my intuitive and spontaneous reaction which causes a range of feelings and disposition.
